

**Effective January 1, 2012**

A package containing a limited quantity of hazardous material is not required to be marked with the proper shipping name and identification (ID) number when marked in accordance with the white square-on-point limited quantity marking as follows:

**For transportation by highway, water, and rail:** The top and bottom portions of the square-on-point and the border forming the square-on-point must be black and the center white.

**For transportation by water:** The new marking with minimum dimensions of 250 mm on each side is required on cargo transport units containing limited quantities and ***no other hazardous materials.***

**For Transportation by air:** The top and bottom portions of the square-on-point and the border forming the square-on-point must be black and the center white and the symbol "Y" must be black and located in the center of the square-on-point and be clearly visible.

**Transitional exception**

Before January 1, 2014, a limited quantity properly prepared and marked as an ORM-D is **not** required to be marked with the square-on-point limited quantity marking.

Before January 1, 2013, for transport by aircraft, a limited quantity properly prepared and marked as an ORM-D-AIR is **not** required to be marked with the square-on-point "Y" limited quantity marking.
