

Understanding Transit Report

Transit Reports come to your email from the Carlile Customer Service Group daily. They show your ACTIVE shipments.

Carlile PRO#

REPLY ALL: To ask Customer Service questions.

Multiple People can receive the Transit Report

Access Scanned Documents in secure portal for each of your shipments including pictures.

The screenshot shows an email interface for a transit report. At the top, there's a header with the Carlile logo and navigation buttons: 'Contact Customer Service', 'Customer Portal', 'Quote', 'Shipping Central', and 'Package Express'. Below this is a table of shipments with columns: B/L, Received, Status, Location, Last Updated, Shipper, Consignee, Description, Pts, Pcs, Wgt (lb.), PO #, and Pro #. The table contains six rows of shipment data. At the bottom of the email body, there is a footer with copyright information and contact details.
